

Hazardous Equipment/Materials Statement for Syllabi

Equipment/Material Lists & Safety Precautions:

All hazardous equipment and materials used in this course will be discussed and their safe usage demonstrated. Hazardous waste should be disposed of in accordance with College policies. Follow all posted safety precautions and warnings. Information on hazardous material/waste and Standard Operating Procedures can be found on the facility website at <http://www2.pcad.edu/Facilities>.

Spray Booth:

Spray media at PCA&D may only be utilized in the spray booth located on the 2nd floor outside of room 205. This includes any aerosol paints, adhesives, fixatives, finishes, etc. Using these items in an unauthorized manner may not only affect your health, but the health of the rest of the college community especially those with respiratory issues. Remember to turn the spray booth fan on before spraying and wait at least 2 minutes after spraying before turning it off.
